### **Site Application Forms**

The CFWC's website application forms require users to give us contact information as well as personal information. The CFWC may use this information to send to members of various selection committees.

### **Sharing Information**

Information on our volunteers, such as lists of committee members, is provided in several of our publications, including our annual report. We will periodically publicize information about our donors, but only with the permission of the donor. Except in those instances, we do not share information on donors or potential donors with anyone outside our organization. We never sell information to third parties.

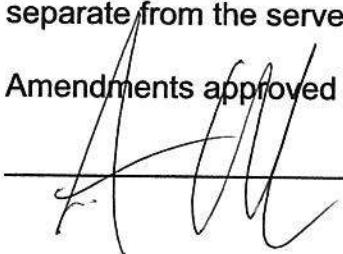

### **Surveys**

CFWC on-line surveys ask respondents for contact information (such as e-mail addresses) and demographic information. The CFWC may use contact data from its surveys to send information about CFWC.

### **Security: Protecting Your Information**

The personal information we maintain is contained in a password-protected database. Access to the database is limited to authorized users. Our server is protected by a firewall and other security measures. Our website is maintained on an off-site server separate from the server that contains our database.
